Faculty and Staff,

Please visit with the companies on Friday and thank them for supporting Herff students and alumni. We will have some alumni here recruiting for their companies. Also the companies listed below with bold font are first time participants in the engineering career fair – please welcome them!

**Engineering Fall Career Fair | Friday, September 20, 2019 | 8:30 – 11:30 AM**

Students and alumni attending the career fair if you did not **Pre-Register** you can register on-site.

**Tips to Get the Most Out of the Engineering Career Fair:**

1. **Bring extra copies of your resume** to submit to employers. Use resume paper!
2. **Come prepared.** If you spend a little time getting some background on an organization, then you can ask very focused and specific questions. This impresses representatives because it shows a genuine interest in them.
3. **Dress appropriately** – Professional business attire required and your name badge goes on the right side.
4. **Allow yourself adequate time.** Come as early as possible. You may need to return between classes.
5. **Prioritize the employers you're most interested in.**
6. **Introduce yourself and be prepared to give your "elevator/career pitch."** Extend your hand, say "hello" and state your name. Have your resume ready to give to the employer. Be ready to talk about your career interests as well as academic and extracurricular experiences to show your skills and strengths.
7. **Take notes** when you inquire about next steps and the possibility of talking with additional managers.
8. **Ask the representative for his/her card**, and then promptly send a thank-you note. Having the business card of the representative you have just spoken with serves three purposes. First, you have a direct contact with the organization, including the proper spelling of the representative's name, direct telephone line, etc. Second, a brief thank-you note acknowledges the help they gave you and the time they took to visit campus. Third, sending thank-you notes is a good professional habit.
9. **Be courteous and do not monopolize the representative's time!** Demonstrate sensitivity to other students waiting to speak with employers by keeping your questions brief and offering to continue your conversation at a later time. Enjoy the fair and your interaction with the employers. Let your positive **TIGER** attitude show!

REGISTERED COMPANIES	LOCATION	1. MAJORS RECRUITED	POSITIONS TO FILL
A2H, Inc.	EA - 2nd Floor Lobby	Civil Engineering, Electrical Engineering Mechanical Engineering, Structural Engineering	Fall, Spring, and Summer Internships
Allen & Hoshall	EA - 2nd Floor Lobby	Electrical Engineering, Mechanical Engineering, Structural Engineering	Internship, full-time positions
Allworld Project Management, LLC	EA - 2nd Floor Lobby	Civil Engineering, Electrical Engineering, Mechanical Engineering	Interns/trainees, possible full-time positions
APAC - Tennessee, Inc.	ES - 1st Floor	Civil Engineering	Full-time positions
Arkansas Department of Transportation	ES - 1st Floor	Civil Engineering	Full-time positions
AZO, Inc.	ET - 2nd Floor	Mechanical Engineering, Engineering Technology	Full-time positions
Black & Veatch	ES - 1st Floor	Civil Engineering	Co-op, internship & full-time positions
BlueScope Buildings/Varco Pruden Buildings	ES - 1st Floor	Civil Engineering	Internship
Brooks & Mazzola	ET - 2nd Floor	Civil Engineering, Engineering Technology, Construction Engineering	Internship, full-time positions

C5ISR Center NVESD	EA - 2nd Floor Lobby	Electrical Engineering, Computer Engineering, Electrical & Computer Engineering, Mechanical Engineering	Full-time, internships
Cannon & Cannon, Inc.	EA/ES Breezeway 2nd Floor	Civil Engineering, Engineering Technology	Full-time positions, Intern (May 2020)
Carrier Corporation	EA - 2nd Floor Lobby	Electrical Engineering, Mechanical Engineering, Engineering Technology, Engineering Management	Internships/Co-ops
Chad Stewart and Associates, Inc.	EA - 2nd Floor Lobby	Electrical Engineering	Co-op/Internship positions, full-time positions
City of Memphis	EA/ES Breezeway 2nd Floor	Civil Engineering, Engineering Technology	Co-op/Internship positions, full-time positions
Cives Steels Company, Mid-South Division	ES - 1st Floor	Civil Engineering, Engineering Technology	Full-time positions
Cummins	ET - 2nd Floor	Electrical Engineering, Electrical & Computer Engineering, Mechanical Engineering, Engineering Technology	Summer 2020 Interns
Delta Faucet Company	ET - 2nd Floor	Electrical Engineering, Electrical & Computer Engineering, Mechanical Engineering, Engineering Technology	Summer Internships
Ensafe, Inc.	ES - 1st Floor	Civil Engineering	N/A
FedEx Express (Craig Greer & Ken Johnson)	EA - 2nd Floor Lobby	Electrical Engineering, Computer Engineering, Electrical & Computer Engineering, Mechanical Engineering	Co-op January 2020, full-time positions
FedEx Express (Josh Link & Rosemary Paden)	EA - 2nd Floor Lobby	Biomedical Engineering, Civil Engineering, Electrical Engineering, Computer Engineering, Electrical & Computer Engineering, Mechanical Engineering Engineering Technology,	Internships
FedEx Supply Chain	EA - 2nd Floor Lobby	Mechanical Engineering, Engineering Technology	Co-op
Fisher Arnold, Inc.	EA/ES Breezeway 2nd Floor	Civil Engineering	Full-time, possible internship
Flint Hydraulics	ET - 2nd Floor	Engineering Technology	Full-time positions
Flintco, LLC	ES - 1st Floor	Civil Engineering, Engineering Technology, Construction Engineering	Co-op/Internships
Georgia-Pacific Memphis Cellulose	EA - 2nd Floor Lobby	Electrical Engineering, Mechanical Engineering, Chemical Engineering	Full-time positions
Gephart Electric	ET - 2nd Floor	Civil Engineering, Electrical Engineering, Mechanical Engineering, Engineering Technology, Construction Management	Co-op/Internships, full-time positions
Hytrol Conveyor Co., Inc.	ET - 2nd Floor	Electrical Engineering, Computer Engineering, Electrical & Computer Engineering, Mechanical Engineering	Full-time, internships
International Paper	ET - 2nd Floor	Electrical Engineering, Computer Engineering, Electrical & Computer Engineering, Engineering Technology	Co-op/Internships, full-time positions
Kiewit	EA - 2nd Floor Lobby	Civil Engineering, Electrical Engineering Mechanical Engineering, Engineering Technology, Construction Engineering, Geotechnical Engineering	Internship, full-time positions
Kroger	EA - 2nd Floor Lobby	Civil Engineering, Electrical & Computer Engineering, Mechanical Engineering, Building Construction	Co-op/Internships, full-time positions
Lehman-Roberts Company	ET - 2nd Floor	Civil Engineering, Mechanical Engineering, Engineering Technology	Co-op/Internships, full-time positions

Material Handling Systems	EA - 2nd Floor Lobby	Electrical Engineering, Computer Engineering, Electrical & Computer Engineering, Mechanical Engineering	Co-op/Internship, full-time positions
Memphis Light, Gas & Water	ES - 1st Floor	Civil Engineering, Electrical Engineering, Computer Engineering, Electrical & Computer Engineering, Mechanical Engineering	Co-op/Internship, full-time positions
Montgomery Martin Contractors	ES - 1st Floor	Civil Engineering, Construction Engineering	Co-op/Internship, full-time positions
Nike	EA - 2nd Floor Lobby	Civil Engineering, Electrical Engineering, Mechanical Engineering, Industrial Engineering	2 Internships for Summer 2020
PepsiCo - Frito Lay	EA - 2nd Floor Lobby	Electrical Engineering, Mechanical Engineering, Chemical Engineering	Internships positions, full-time
Poe Engineering Inc.	ES - 1st Floor	Civil Engineering, Structural Engineering	Co-op/Internships, full-time positions
S&H Systems, Inc.	EA - 2nd Floor Lobby	Mechanical Engineering	Possible co-op/internship & full-time positions
Smith & Nephew	EA - 2nd Floor Lobby	Biomedical Engineering, Mechanical Engineering	Co-op/Internships, full-time positions
Smith Seckman Reid, Inc.	ET - 2nd Floor	Civil Engineering, Electrical Engineering, Mechanical Engineering, Engineering Technology	Co-op/Internships, full-time positions
Surface Dynamics, LLC	ET - 2nd Floor	Biomedical Engineering, Mechanical Engineering, Engineering Technology	Possible internships/co-ops, possible full-time
TN Department of Environment and Conservation	ES - 1st Floor	Environmental Engineering	Co-op/Internships, full-time positions
TN Department of Transportation	ES - 1st Floor	Civil Engineering	Internships, full-time positions
Turner Construction Company	ES - 1st Floor	Civil Engineering, Mechanical Engineering	Co-op/Internship (Spring, Summer 2020), full-time (2020)
U.S. Army Corp of Engineers	ES - 1st Floor	Civil Engineering	N/A
Valero	ET - 2nd Floor		Summer 2020 Internships
Vanguard Soap, LLC	ET - 2nd Floor	Electrical Engineering, Mechanical Engineering	Full-time positions
WEC Manufacturing	EA - 2nd Floor Lobby	Civil Engineering, Electrical Engineering, Computer Engineering, Electrical & Computer Engineering, Mechanical Engineering, Engineering Technology	Internship to full-time, full-time positions
Wright Medical	EA - 2nd Floor Lobby	Biomedical Engineering, Mechanical Engineering, Engineering Technology	Co-op/Internship, full-time positions
Yates Construction	ET - 2nd Floor	Civil Engineering, Electrical Engineering, Computer Engineering, Electrical & Computer Engineering, Mechanical Engineering, Engineering Technology	Co-op/Internship, full-time positions

Career Fair Advice

Do your research, have fun, smile and practice.

Go Tigers!

Shelia Moses, MPA
